

# A message from the mayor

#### Amalgamation

When the second annual report of the Brighton Council was prepared last year, further amalgamation of Tasmanian councils was not an issue, but one year later it appears that this, our third annual report, may be the last for the Brighton Council.

Following the Directions Statement by the Premier, Tony Rundle, on 10 April 1997, the Local Government Board was established to conduct an enquiry into a restructuring of local government. To assist in the preparation of a submission to the Board, Council carried out an assessment of the various options available under the directions given to the Board. Five options were considered in detail. They were:

Greater Hobart - a combination of Hobart, Glenorchy, Brighton, Clarence and Kingborough Councils.

Urban Hobart - which includes the urban areas of those five Councils.

**The Central Hub** - a combination of Brighton, Glenorchy, Derwent Valley, Southern Midlands and Central Highlands Councils.

**Rural** - which is based on the catchment areas of the Jordan and Coal Rivers and includes parts of the Central Highlands, Southern Midlands, Clarence and Brighton Councils. **Greater Rural** - which includes Brighton, Derwent Valley, Southern Midlands, Central Highlands Councils and the Richmond/Otago Bay area of Clarence Council.

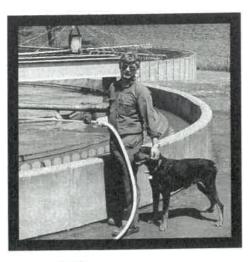

Council's detailed evaluation of these options was based on a number of criteria weighted according to their importance. These included water catchments, economies of scale, land form catchments, transportation links, common interests, historical interests, work centres, technology, physical/resources, population centres, management, financial risks, front end costs and learning costs. The final analysis came down to two options which Council found to be ranked fairly closely, Greater Hobart and Greater Rural. However, a ranking on critical parameters such as water catchment, economies of scale, land form catchment, transportation links, and common and historical interests significantly favoured the Greater Rural option.

Council's findings were strongly supported by an independent random telephone poll of residents. The poll involved 404 respondents, randomly selected from Telstra White Pages Listing. Of those, 299 were in the urban areas of Gagebrook, Bridgewater and Old Beach and 105 in rural areas. The poll found very strong support for Council and the services it was providing. Seventy five percent of respondents indicated they were happy with the overall level of service currently provided by Council.

There was also strong support for Brighton to continue with its current boundaries and little support for an option to become part of a Greater Hobart Council.

When respondents were asked whether they preferred Brighton Council to stay as it is, become part of a Greater Hobart Council or a Greater Rural Council, 53 percent preferred it to stay as it is, 31 percent preferred the option of a Greater Rural Council and 14 percent voted for Greater Hobart. When asked to choose which option they preferred if change has to take place, 68 percent preferred a change to a Greater Rural Council with 26 percent in favour of a Greater Hobart Council.

The poll results and Council's own assessment of the options provided a firm direction for Council's submission to the Local Government Board. I believe the submission reflects the common interests and aspirations of the community while meeting the requirements of the Directions Statement. It is expected the findings of the Board will be adopted before Christmas 1997.

#### Environment

During the year, Council was successful in obtaining \$180,000 from the Natural Heritage Trust Fund, under the Commonwealth River Works Program. The funds will assist Council to establish a radiata pine plantation at Brighton in a joint venture with Australian Newsprint Mills on land recently purchased by Council from Boral Australia. In the first ever joint venture in Tasmania between a Council and a private company, effluent from the Brighton sewerage lagoon will be used to irrigate the plantation. As a result, from September 1997 there will be no effluent at all draining into the Jordan River which will make a major contribution to improving the health of the local environment. This is a ground breaking program of great significance.

#### Planning

Council is pleased to see the improvement in planning systems as an outcome of the Board Inquiry requested by Council last year. We now have a consultant planner, Michael Shield and Council's new Planning Scheme is progressing well. A Land Use Strategy Plan has been adopted by Council, following extensive public consultation and a number of public meetings. I am confident the final planning document will be released before Christmas 1997.

#### Water supply

Council continues to argue its case with the Water Board about last year's account for water used by the municipality. We are pleased that the Board has amended its water pricing policy for 1997/98 to one now generally based on a consumption charge. Council and therefore residents will benefit from this change.

#### **Poker machines**

Council will continue to oppose the operation of poker machines in the municipality. The appeal hearing which followed Council's banning of poker machines in a Bridgewater hotel earlier this year found that Council had acted properly in accordance with its planning scheme. However it ruled that the State Gaming Control Act, which approved the installation of the machines, overrode Council's planning scheme. Council is disappointed with the outcome but accepts the decision. Council also has indicated its disappointment that gaming machines have since been installed in the Brighton Hotel.

I am happy to report that Council has been successful in obtaining the support of the Local Government Association to call on the State Government to conduct a review of the impact of poker machines in Tasmania.

#### Significant year

The 1996/97 year has been significant in the history of local government in Tasmania with further major changes likely to occur in 1997/98. I am very pleased to have been part of a Council which during this difficult period has been positive and progressive and has remained closely in touch with community values and aspirations and attempted to reflect those in the decisions it has made.

Tony Foster, Mayor

# The General Manager's report

#### Staff Restructuring

Following a review of Council's staff structure in the previous financial year, a new staff structure became effective in September 1996. The new structure has enabled Council to be more efficient and competitive and to meet the guidelines laid down by the National Competition Policy.

The new structure is divided into three streams, Physical Services, Regulatory Services and Corporate Services. Consultant Planner, Michael Shield is manager of Regulatory Services, and Ron Sanderson manages Corporate Services and Physical Services.

Council's accountant moved to private enterprise during the year and Council now employs a consultant accountant, Ian Stewart, for two days a week.

#### **Computer Software**

In the last Annual Report we reported that Council had successfully sold its computer software to two other Tasmanian Councils. Council has since entered into a joint venture with CV Services International to market the software interstate and overseas and already have a tender placed with a mainland Council. This is the second joint venture Council has entered into with a private company, the other being the pine plantation with Australian Newsprint Mills. Brighton is the only Council in the state to have entered into joint ventures with private companies. We are very pleased that the Hobart City Council is trialling the software to demonstrate its suitability for large as well as smaller Councils. Council has made a submission to the Local Government Board with a view to other Councils adopting the software either before or after amalgamations.

#### **Community Services**

It is pleasing to report that with an enthusiastic new management committee and a new name, the former Bridgewater Sporting Complex is up and running and looking forward to a busy future. The new Bridgewater Recreation and Sports Centre will continue to operate from the Bridgewater High School outside normal school hours with a variety of programs and activities.

The Sporting Complex was lacking community support and the centre was under utilised. Facing the threat of closure, a public meeting held at Bridgewater attended by over 80 people established a new management committee and elected the following office bearers: President Darren Purcell, Vice President Cris Fitzpatrick, Treasurer Chris Turner, Secretary Karina Simpson. With strong community support the Centre should have a busy and productive future.

#### **Child Care**

Following the withdrawal of the opera<sup>1</sup> tional grant previously provided by the Commonwealth, the Bridgewater Long Day Care Centre was facing severe , financial problems and the possibility of not being able to continue. Council agreed to provide a subsidy for the 1997/98 year to ensure the Centre can continue the valuable child care services it offers the community. The Centre has adopted a strategic plan for its future operation which includes more actively marketing of its services to the community.

#### Youth Activities Service

The Youth Activities Service which provides out of school hours activities for school aged children for a couple of hours a day at 1C McShane Road, Bridgewater also experienced financial difficulties during the year. Council provided limited financial support and the Centre will also prepare a strategic plan for future operations.

#### Employment

In the past, Council has been involved as a broker for the Jobskills Program but with the introduction of the Work for the Dole Program Council chose not to be actively involved. However, the Bridgewater Skillshare Centre was keen to participate as a broker and Council will be working closely with Skillshare in seeking to provide employment opportunities in the municipality.

#### **Industrial Land**

Good progress has been made with development of the Industrial Estate at Bridgewater. During the year Council contributed almost \$100,000 to the construction of a new road which has enabled the area to be opened up for development. Two proposals for development have been received and some of the land has already been sold.

Council is keen to see new industries moving into the area and has adopted a rate incentive policy aimed at encouraging new job creation. Every job created by an employer located at the industrial site will qualify for a 2 percent reduction in the General Rate, to a maximum of 100 percent for the creation of 50 new jobs or more. The reduction applies only to the General Rate not to Service Rates.

A brochure promoting the availability of the industrial land has been funded by Council for wide distribution. Council has also been successful in obtaining assistance to promote the Industrial Estate from Tasmania Development and Resources.

#### Access for disabled

Council has recently taken over the disabled car parking spaces at the Cove Hill Shopping Centre and, as a result, agreed to set up an Access Advisory Committee to advise Council on access problems for the disabled. Nominations have been called for a committee to be established in the 1997/98 year.

An easy access ramp has been constructed at the front entrance of the Council Chambers and Council has addressed the problem of access at local shopping centres which all now have easy access entrances for wheel chairs.

#### **New Councillor**

During the year Councillor John Bush resigned from Council to move to Ross as licensee of the Man 0'Ross Hotel. A former Councillor Peter Geard was elected in the resulting recount.

#### Thanks

As this is likely to be the last Annual Report for the Brighton Council I would like to thank Council staff for their support and enthusiasm in facing the challenges of change during our brief history as Brighton Council. Many good things have been achieved and I believe together we have developed a Council which is close to the community it serves.

Geoff Dodge, General Manager

# **Engineering** Services Operational plan highlights

#### Roads

#### Objective

To maintain the road network to a standard that is acceptable and safe for the travelling public and other road users.

#### Action Plan

Maintain all roads within the road network to a level that is the same or equal with their importance within the network.

Improve the standard of the major gravel road network by sealing 1 km of gravel road per year.

#### Performance

Major reconstruction works were undertaken in Bridgewater.

Church Road was sealed to the Cranes Road intersection (1.2 km) and another section (1.2 km) of Back Tea Tree Road was sealed.

A further stage of kerb and channel works in Jetty Road, Old Beach was completed.

#### Sewerage

#### Objective

To maintain the sewerage system to a standard that will adequately convey and treat effluent without adverse effect to the environment.

#### Action Plan

Ensure that all sewage pump stations are maintained at a level that does not create a health hazard, pollute the environment or create a nuisance.

#### Performance

Installed alarm 'dialers' for pump stations and achieved continued improvement in pump station operations and maintenance.

Initiated a smoke testing program in Brighton to reduce the incidence of stormwater entering the sewerage reticulation system.

Received an \$180,000 grant from the Natural Heritage Trust to continue the Brighton Effluent Re-use Project.

#### Water supply

#### Objective

To maintain the water supply storage reservoirs and reticulation system to a standard that will supply potable water to all existing consumers with minimal interruption.

#### **Action Plan**

Ensure that adequate supply and pressure are preserved for both domestic and emergency use.

#### Performance

Completed water main extensions in the Brighton area.

Completed works for the high level reticulation reservoir at Horton Hill.

Installed bulk water meters at Bridgewater High School and Housing units.

#### Waste Management

#### Objective

To have a healthy environment and a level of service equivalent to community expectations.

#### Action Plan

Maintain a high level of service for the kerbside collection of garbage and recyclable material.

Maximise the reduction of waste landfill.

#### Performance

Introduced a fortnightly Mobile Garbage Bin service to urban areas.

The number of loads moved from Council's Waste Transfer Station was 3% less than the previous year - a continued reduction.

## Environmental Services, & Community Operational plan highlights

#### Objective

To have a healthy environment and a level of service equivalent to community expectations.

#### **Environmental health**

#### Action Plan

Conduct monthly immunisation clinics, annual school immunisation and promote the need for immunisation.

Inspection and licensing of food premises, places of public entertainment and septic tank installations.

Undertake a public awareness program for Council's environmental services.

#### Performance

The number of adults and children immunised was 27% less than the previous year.

Council staff conducted workshops, school visits, a mail out and public displays and prepared media releases and advertisements to inform the community on food preparation and other public health related matters.

#### **Animal Control**

#### Action Plan

To maintain an effective dog control program.

#### Performance

Dog registrations remained at similar levels with dog impoundments up 10% to the previous year. Less than 15% of impounded dogs were reclaimed which was a significant decrease from the previous year. There was an increase of over 12% in the number of registered complaints concerning dogs.

#### Reserves

#### Objective

To ensure reserves and public buildings meet the needs of sporting and community groups and the general public.

#### Action Plan

Maintain public buildings and reserves in good condition and encourage their use by the community.

#### Performance

Completed Derwent River foreshore walkway at Old Bridgewater.

Initiated Tasmania's first "Adopt-a-Highway" Program'.

Planted 8,000 trees as part of an urban forest program in Bridgewater and Gagebrook.

#### Child and Family Day Care, Services for the Elderty

#### Objective

To ensure centre based Child Care and Family Day Care services are accessible and affordable to meet community needs.

#### Action Plan

Improve access to centre based Child Care.

Ensure quality care is available through dedicated, trained and accredited staff.

Improve site facilities at Gunn Street Bridgewater.

#### Performance

Upgraded kitchen and outdoor play equipment at the Community Child Care Centre with financial assistance from parents and friends.

Updated computer software to be in line with other FDC schemes.

Increased field visits and training for staff and carers.

Widened Resource Worker's role to include twice weekly play/training sessions for small groups, home visits, and re-establishment of Scheme playgroup.

Greater involvement of carers in all aspects of the Scheme.

## Economic Development Operational plan highlights

#### Land Use Planning & Building Services

#### Objective

To promote the safety and amenity of the built environment.

To promote the heritage value of local buildings.

Encourage and manage development in order to promote an increased level of amenity and wealth in the environmental, social, economic and cultural facets of the municipality.

#### Action Plan

Strategic planning to promote sustainable development.

Prepare and implement a new planning scheme.

#### Performance

Council has completed a Land Use Planning Strategy for the municipality in consultation with the community.

Q

Council processed 138 development and twenty five (25) subdivision applications and a total of one hundred and seventy-five (175) building permits.

Completion of twenty-nine (29) new industrial lots in the Bridgewater Industrial Estate has enabled a strong economic promotion of the area as an attractive transport development node.

Growth of residential development land between the Tivoli Green Golf Course and Old Beach is providing a continuing period of growth for the municipality.

A new planning scheme based on the provisions of a Model Ordinance approved by the State Government is being prepared to replace the 1992 Planning Scheme.

Upgrading of the Geographic Information System to ensure that ratepayers have the most up-to-date information in response to their enquiries.

Council has commenced an Integrated Catchment Management Plan for the Jordon River to improve the environmental qualities and health standards for future generations.

Involvement in planning studies for improvements to the road traffic network at the Bridgewater Bridge, Industrial Estate Clover-leaf, Brighton-Pontville By-pass.

# Other Services, Resource Allocation Operational plan highlights

#### Administration and finance, Strategic planning

#### Objective

To pursue cost effective service delivery.

#### Action Plan

To ensure all residents have equal access to Council services and information.

To review Council's organisational performance.

To promote active participation by the community in the decision making process.

#### Performance

Establishment of a rate incentive scheme to encourage job creation.

Implementation of a new organisation structure to improve customer service and modification of council offices. Construction of a new access road to open up the Bridgewater Industrial Estate for further development.

Receipt of the final BURP report (Bridgewater/Gagebrook Urban Renewal Project) resulting from extensive community consultation.

# Human resources, plant & equipment, budget summary

#### Objective

Optimise utilisation of Council's staff, plant and equipment resources in an efficient and responsible manner.

#### Action Plan.

Develop and implement resource sharing of major plant items with other councils.

Develop and implement a budgetary and associated reporting system to satisfy both internal and external requirements.

Maximise the use of any available grant funding.

#### Performance

Council hired it's FLOCON road maintenance unit and chipper to other councils while hiring in a grader and street sweeper from other councils.

Significant grant funding was received for the Bridgewater/Gagebrook Urban Renewal Project and River Works Program for effluent' re-use.

Council's property software was purchased by two other Tasmanian Councils and received <sup>\*</sup> interest from many others.

With a reduction in numbers, staff have become more multi-skilled and increased the overall efficiency of the office.

# BURP Final Report

In September 1996, Brighton Council initiated an Urban Renewal Project for the areas of Bridgewater and Gagebrook, with financial support from the State and Commonwealth Governments. Following extensive community consultation, including adult and youth workshops, six priority issues were identified.

- employment and business growth
- community development, security and safety
- sports and recreation
- local environment
- housing and surrounds
- transport/access

Working with Council, schools, local business representatives, government departments and community groups and organisations, Hobart based consultants GBA Communications embarked on what became known as BURP (Bridgewater/Gagebrook Urban Renewal Project). In June 1997, GBA issued the final BURP report which took the project from consultation and planning to implementation.

Brighton Council undertook to use the report and the relationship it has formed with the three tiers of government, business, community leaders and residents to shape the future of the area.

#### The Strategic Plan

A Strategy Plan outlines the strategic direction in which BURP should be heading and a number of Action Plans have been established to implement the strategy. It is envisaged that Brighton Council and Implementation Groups will be responsible for the ongoing success of BURP. Additional funds may need to be sought and it is suggested that the Implementation Groups be responsible for identifying and applying for the necessary money to support the projects.

#### **Implementation Groups**

The six current groups were reduced to two (one Business and Employment Growth, and one Community Action group that brings together the remaining five).

It was agreed that: The Brighton Council establish two Special Committees pursuant to Section 24 of the Local Government Act 1993 to replace the six community-based working groups that have developed strategies and programs for Bridgewater/Gagebrook. Council's role

The report states that the Brighton Council should be closely involved with the progress of BURP. The Council should:

- incorporate the BURP final report into its Strategic Plan
- 2. incorporate the BURP final report into its Planning Review Scheme
- incorporate any necessary ongoing funding in its 97/98 budget considerations and deliberations
- take note of the BURP recommendations and strategies in a submission to the Nixon inquiry
- create a short-term interim project manager to help establish implementation groups as soon as possible after the release of the final BURP report
- undertake short term plans as determined by community based working groups, as a sign of good faith, and as a visible indicator to the community of the Council's commitment to the areas.

#### **Recommended** Action

The report recommends action in the six areas of priority established at the beginning of BURP. Some of the recommendations will require Council decisions and support, others will involve outside organisations and government departments.

#### INDEPENDENT AUDIT REPORT

#### To the Councillors of the Brighton Council

#### Scope

I have audited the financial report of the Brighton Council comprising Operating, Financial Position, Changes in Equity and Cash Flows Statements and notes thereto, for the year ended 30 June 1997. The Councillors of the Brighton Council are responsible for the financial report. I have conducted an independent audit of the financial report in order to express an opinion on it to the Councillors.

The audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the financial report is free of material misstatement. My procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with Australian Accounting Standards, Urgent Issues Group Consensus Views and applicable legislation so as to present a view which is consistent with my understanding of the financial position of the Brighton Council, the results of its operations and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.

#### **Audit Opinion**

In my opinion the financial report presents fairly in accordance with the Local Government Act 1993 and applicable Accounting Standards and other mandatory professional reporting requirements, the financial position of the Brighton Council as at 30 June 1997, and the results of its operations and its cash flows for the year then ended.

P W R BaulchDIRECTOR OF AUDIT

28 November 1997

HOBART

Statement by Councillors and Principal Accounting Officer

In our opinion:

- (a) the financial report set out on the following pages presents fairly the financial position of BRIGHTON COUNCIL as at 30 June 1997 and the results of its operations for the year then ended in accordance with Statements of Accounting Concepts and applicable Accounting Standards; and
- (b) the financial report has been prepared in accordance with the requirements of the Local Government Act (Tasmania) 1993.

#### Notes to and forming part of the Financial Report

For the year ended 30 June 1997

#### 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The significant policies which have been adopted in the preparation of these Financial Statements are:

#### (a) **Basis of Accounting**

The financial reports of Council have been prepared in accordance applicable Australian Accounting Standards, mandatory professional pronouncements (Urgent Issues Group Consensus Views) and the Local Government Act 1993 as amended, encompassing accrual accounting.

#### (b) The Local Government Reporting Entity

Council prepares a general purpose financial report that encompasses all business and nonbusiness operations which Council controls, either directly or through the operation of controlled entities. These reports will detail all funds, assets and liabilities over which Council exercises or may exercise control.

In the process of preparing the Brighton Council financial reports, the effects of transactions between Council and other controlled entities have been eliminated. For example, the effects of internal borrowing's and transfers.

#### (c) Asset Valuations

The financial statements have been prepared in accordance with the historic cost convention. Assets have been valued as per the following:

- \* land and buildings: per Valuer General's determinations
- \* plant and vehicles: per independent analysis
- \* small machinery and tools: at written down original cost or where this cannot be identified, at written down replacement cost
- \* equipment and furniture: at written down original cost or where this cannot be identified, at written down replacement cost per State Purchasing and Sales schedules
- \* bridges: at current written down replacement cost
- \* sewerage/drainage assets: at current written down replacement cost
- \* water reticulation assets: at current written replacement cost
- \* water meters: at current written down replacement cost
- \* street lighting assets: at current written down replacement cost
- \* road assets: at current written down replacement cost

#### (d) Acquisition of Assets

The cost method of accounting is used for the initial recording of all acquisitions of assets. Cost is determined as the fair value of the assets given as consideration, including architects fees and engineering design fees and all other costs incurred in getting the assets ready for use.

Non monetary assets received in the form of grants and donations are recognised as assets and revenues at their fair value at the date of receipt. Fair value means the amount for which an asset could be exchanged between a knowledgeable, willing buyer and a knowledgeable, willing seller in an arms length transaction.

#### Notes to and forming part of the Financial Report

For the year ended 30 June 1997

#### 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### (e) Revaluation of Non Current Assets

All non current assets, other than inventories, land and investments are revalued to their current cost less accumulated depreciation every five to seven years.

Land and land held for resale are revalued at the date of each general valuation of property within the Municipality, the last such revaluation being 30th June 1993. Any revaluation increment or decrement is charged directly to the Asset Revaluation Reserve.

The current cost of an asset means the lowest cost at which the gross service potential of that asset could currently be realised in the normal course of operations.

Revaluations do not result in the carrying value of non current assets' exceeding the net amount expected to be recovered through the net cash inflows arising from their continued use and subsequent disposal.

#### (f) Depreciation of Non Current Assets

All non current assets, excluding land, are systematically depreciated over their useful lives in a manner which reflects the consumption of their service potential.

Depreciation is recognised on a straight line basis over the effective life of the asset, using rates reviewed annually.

Non current assets are those assets which provide a benefit to Council extending beyond twelve months. The current applicable rates of depreciation are:

*	buildings	20-80 years
*	plant and vehicles	5-15 years
*	small machinery and tools	3-8 years
*	equipment and furniture	5-10 years
*	roads	15-50 years
*	drainage/sewerage assets	40-80 years
*	water supply assets	15-80 years
*	bridges	20-80 years

#### **(g)**

#### ) Asset Recognition Thresholds

The following asset acquisition limits will apply, assets acquired with values below these limits will be expensed:

*	land	nil
*	buildings	\$5,000
*	small machinery and tools	\$5U0 <b>- \$99</b> 9
*	equipment and furniture	\$500
*	roads	\$5,000
*	drainage	\$2,500
*	water supply	\$2,500
*	bridges	\$10,000

#### Notes to and forming part of the Financial Report

For the year ended 30 June 1997

#### 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### (h) Maintenance and Repairs

Maintenance, repair costs and renewals are charged as expenses as incurred. If the maintenance costs are such that they significantly increase the economic life of an asset or the total value exceeds the written down current value, and the costs are consistent with the asset acquisition limits, then the costs will be capitalised.

All computer software costs will be expensed as forming part of the ongoing maintenance of upto-date software.

#### (i) Employee Entitlements

#### i. Wages and Salaries

A liability for wages and salaries is recognised, and is measured as the amount unpaid at balance date at current pay rates in respect of employees service up to that date.

#### ii. Annual, Sick and Long Service Leave

A liability of annual and long service leave is recognised, and is measured as the present value of expected future payments to be made in respect of services provided by employees up to balance date. In assessing expected future payments regard is had to expected future wage and salary levels and experience of employee departures and periods of service. A distinction is made between the current and non-current long service leave liabilities, current for leave presently due and non current for leave accrued but not yet due.

#### iii. Superannuation

The superannuation expense for the reporting period is the amount of the statutory contribution the Corporation makes to the Municipal Employees Assurance Scheme, administered by the Municipal Association of Tasmania, which provides benefits to the employees.

The expense incorporates the amounts paid by Council on behalf of the employees to Tasplan scheme, as required under legislation.

#### (j) Investments

Investments are brought to account at cost. Interest revenues are recognised as they accrue.

#### (k) Land Held for Resale

Land held for development and/or resale is valued at the lower of cost or net realisable value. Cost includes the cost of acquisition, development and interest incurred on financing of that land during its development. Interest and other holding charges incurred after development is complete are recognised immediately as expenses. Revenues from sale of land is recognised in the operating statement on the signing of a valid unconditional contract of sale.

#### Notes to and forming part of the Financial Report

For the year ended 30 June 1997

#### 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### (I) Rates, Grants and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the Corporation obtains control over the assets comprising the contributions.

Rating revenues are recognised at the commencement of the rating period or when the rates are levied. Uncollected rates at balance date are recognised as receivables.

Grants, donations and other contributions which are not subject to accompanying conditions that they be expensed in a particular manner or for a particular purpose are recognised as revenue in the reporting period when the Council obtains control over the assets comprising the contributions. Unreceived contributions over which Council has control are recognised as receivables.

To the extent that grant moneys have not, at balance date, been expensed in a manner, or over a period, specified by a grantor, the nature of amounts relating to those undischarged conditions are disclosed in the Notes to the accounts.

#### (m) Trust Funds

Council receives moneys as an agent for the State Government. As the Corporation performs only a custodial role in respect of these moneys and because the moneys cannot be used for Council purposes, they are not brought to account in the financial reports.

Amounts received as tender deposits and retention amounts controlled by Council are included in the disclosure for creditors within current liabilities.

#### (n) Lease Liabilities

The Council's rights and obligations under finance leases, which are leases that effectively transfer to the Council substantially all of the risks and benefits incidental to ownership of the lease items are, initially recognised as assets and liabilities equal in amount to the present value of the minimum lease payments. The assets are disclosed as Furniture and Equipment under lease, and are amortised to expense over the period during which the Council is expected to benefit from the use of the leased assets. Minimum lease payments are allocated between interest expense and reduction of lease liability, according to the interest rate implicit in the lease.

Lease liabilities are allocated between Current and Non Current components. The principal component of lease payments due on or before the end of the succeeding year is disclosed as a Current Liability, and the remainder of the lease liability is disclosed as a Non Current Liability.

#### Notes to and forming part of the mancial Report

For the year ended 30 June 1997.

#### **2 FUNCTIONS/ACTIVITIES OF THE COUNCIL**

(a) Revenues, expenses and assets have been attributed to the following functions/activities,

descriptions of which are set out in note 2(c)

Functions	Expe	enses	Grant R	evenue	Other R	Other Revenue Total Revenue Increase/(Decrease) in Operating Capability		Assets Attributed to Function/Activity				
	1997	1996	1997	1996	1997	1996	1997	1996	1997	1996	1997	1996
	\$	\$	\$	\$	\$	\$	\$	\$	\$	\$	\$	\$
Corporate Services	843,818	1,030,119	1,004	500	158,954	124,806	159,958	125,306

Community Services	945,383	1,055,924	819,512	873,172	98,246	77,056	917,758	950,228				
Environmental Health	161,723	255,995			28,982	35,425	28,982	35,425				
Waste Management	547,507	436,240			369,733	340,797	369,733	340,797				
Unallocated Services	1,815,975	2,297,422	1,207,451	635,793	2,806,907	2,882,337	4,014,358	3,518,130			8,062,888	7,247,613
TOTAL	\$9,896,377	\$9,824,953	\$2,373,254	\$2,322,990	\$7,060,285	\$6,141,320	\$9,433,539	\$8,464,310	(\$462,838)	(\$1,360,642)	\$57,732,939	\$56,659,123

Assets not attributed to a Function/Activity includes Land (\$1,954,350), Buildings (\$3,595,994) and

Plant & Vehicles (\$605,929). It is considered that attribution of these assets is too arbitrary and

Unallocated Services Revenue includes \$2,290,621 of General Rate revenue.

would not serve any useful purpose.

#### Notes to and forming part of the Financial Report

For the year ended 30 June 1997

#### 2. FUNCTIONS/ACTIVITIES of the COUNCIL (continued)

(b) Total assets shown in note 2(a) are reconciled with the amounts shown for assets in the Statement of Financial Position as follows:

	<u>1997</u>
Current Assets	1,596,423
Non Current Assets	56,136,516
	\$ <u>57.732.939</u>

(c) The activities of Council are to be classified into the following functions:

\* Administration/Corporate Services

Operation and maintenance of council chambers, administration offices, maintenance depots and plant and equipment, monitor revenue collections.

\* Water Supply

Construction, operation and maintenance of the water reticulation system, purchase and supply of bulk water.

\* Drainage/Sewerage

Construction, operation and maintenance of drainage works.

\* Town Planning Services

Administration of the Town Planning Scheme.

\* Building Services

Administration and co-ordination of building applications and monitoring the Building Code.

\* Roads/Bridges

Construction and maintenance of the road system.

\* Community Services

Monitor the welfare of the community, child care, family day care, youth activities and aged care.

\* Environmental Health Services

Community health, environmental control, food surveillance, health standards, septic tank applications, pest control, dog and animal control, offensive trades, plumbing, places of public entertainment, caravan licences, complaints and counter disaster.

\* Waste Management

Operation of the waste transfer station, recycling programmes, monitoring and collection of refuse and sewerage collection and testing.

\* Parks and Recreation

Development, operation and maintenance of parks, gardens, natural reserves and sporting facilities.

\* Unallocated Services

Other general services not specifically identifiable.

Other Creditors and Accruals includes an amount of \$220,240 for bulk water charges claimed by the Hobart Regional Water Authority which is currently under dispute.

#### Notes to and forming part of the Financial Report

For the year ended 30 June 1997.

or the year ended 30 June 1997.	1997	1996
	\$	\$
0 LIABILITIES - BORROWINGS		
CURRENT		
Secured		
Private Loans	\$282,189	\$36,170
NON CURRENT		
Secured		
Private Loans	\$6,775,619	\$6,568,752
Security for Borrowings		
The loans are secured over the general rates of the Council.		
Financing Arrangements		
Council do not currently utilise access to any overdraft facilities.		
Council has corporate credit cards with a combined limit of \$3,400		
The current policy of Council is to minimise all borrowings and redu	ce existing debt.	
1 LIABILITIES - PROVISIONS		
CUBRENT		
Employee Leave Entitlements Provisions		
Annual Leave	175,123	215,098
Long Service Leave	220,861	115,035
	\$395,984	\$330,133
NON CURRENT		
Employee Leave Entitlements Provisions		
Long Service Leave	\$48,044	\$183,322
	•	
The provision for annual leave is established at a level sufficient to	cover the liability	
due to employees for leave due in the current financial year plus ac	crued entitlements du	ie.

The provision for long service leave is established at a level sufficient to cover the liability due to employees. The current provision recognises these vested entitlements.

12	LIABILITIES - LEASES CURRENT Lease Liabilities	\$53,926	\$41,244
	NON CURRENT Lease Liabilities	\$46,558	\$59,521
	See Note 30 for lease details.		
13	CURRENT LIABILITIES - OTHER Deposits Held in Trust Other	94,571 74,064 \$168,635	74,113 0 \$74,113

Deposits includes monies held in respect of damage indemnity, facilities booking and various performance related sureties.

Other liabilities includes Commonwealth Taxation payables and deferred expenses.

		1997	1996
		\$	\$
24	NON CURRENT ASSETS -STREET LIGHTING		
	Street Lighting Assets at Replacement Cost	631,000	627,000
	less Accumulated Depreciation	(227,960)	(202,720)
		\$403,040	\$424,280

Valuations of street lights have been determined by the Engineering Office in consultation with the Hydro Electric Commission, replacement costs are as at June 1996.

25	NON CURRENT ASSETS -ROADS		
	Road Assets at Replacement Cost	39,593,602	38,924,302
	Road Assets at Cost	649,114	265,178
	less Accumulated Depreciation	(18,315,692)	(17,201,718)
		\$21,927,024	\$21,987,762

Valuations of road assets have been conducted by the Engineering Department as at July 1995.

26	NON CURRENT ASSETS - OTHER		
	Loan Debtors	144,965	97,550
	Revaluation Services Received	27,433	54,866
	Other	25,528	0
		\$197,926	\$152,416

In accordance with AAS27, infrastructure assets have now been fully recognised in the statement of accounts.

#### 27 CONTINGENCY

There are currently no claims against the Council, its Councillors or any officers which are likely to result in any material liability against Council.

#### 28 COMMITMENTS FOR EXPENDITURE

(a) Capital Commitments

All capital expenditures incurred to balance date were recogniliad in the financial report.

#### (b) Operating Commitments

The following contract was in operation at balance date, that will continue into future periods:

Solid Waste Management Contract:

These expenditures are payable -		
Not later than one year	414,192	368,400
Later than one year and not later than two years	414,192	368,400
Later than two years and not later than five years	483,224	1,105,200
	\$1,311,608	\$1,842,000

#### Notes to and forming part of the Financial Report

For the year ended 30	June 1	1997.
-----------------------	--------	-------

	1997	1996
	\$	\$
(c) Finance Lease Commitments		
At 30 June 1997, the Council had the following obligations under	finance leases	
(the sum of which is recognised as a liability after deduction of futu		
charges included in the obligation):		
charges included in the obligation).		
Not later than one year	61,755	41,244
Later than one year but not later that two years	38,585	59,521
Later than two years but not later than five years	10,913	15,589
Minimum lease payments	111,253	116,354
Deduct: future finance charges	10,769	15,589
Lease Liability	\$100,484	\$100,765
Comprised of:		
Current	53,926	41,244
Non Current	46,558	59,521
	\$100,484	\$100,765

#### (d) Operating Lease Commitments

There were no items of expenditure contracted under operating lease at balance date.

#### (e) Other Commitments

Council is guarantor of a bank loan advanced to the Tasmanian Canine Defence League. At 30 June 1997 the loan advance balance outstanding was \$69,616.

In addition to making an annual contribution towards financing costs of the League's operations, it is Council policy to finance repayment of the abovementioned loan advance. These expenses are reflected in the Operating Statement.

#### 29 SUPERANNUATION

Brighton Council contributes in respect of its employees to a defined benefit superannuation plan established in respect of all Local Governments in the State. In accordance with the statutory requirements, the Council contributes to the Municipal Employees Assurance Scheme Superannuation Fund amounts determined by the plan actuary. As such, assets accumulate in the Fund to meet members' benefits as they accrue. If the assets of the Fund were insufficient to satisfy benefits payable to its beneficiaries, Council would be required to meet its share of the deficiency. No liability of Council has been recognised as at the reporting date in respect of the superannuation benefits for its employees.

- (i) termination of the Scheme,
- (ii) voluntary termination of the employment of each employee on the initiative of that employee, and
- (iii) compulsory termination of the employment of each employee of the employer.

Superannuation contributions paid by the Council during the reporting period was \$214,487

\$
